

# OpenDome™ Inflatables

## IMMERSIVE ENVIRONMENTS MADE SIMPLE

Patent-pending OpenDome dual-pressure inflatable technology enables simple and portable visualization environments that require no airlock or rigid structures.

### PORTABLE & RAPIDLY DEPLOYABLE

- + Inflates in less than 10 minutes
- + No rigid supports or assembly required
- + One person can set up
- + Fits in a mini-van
- + One dome can serve hundreds of participants a day

### COMFORTABLE & ACCESSIBLE

- + Open entryway with no airlock
- + Wheelchair accessible
- + Comfortable for kids and adults

### CONFIGURABLE

- + Available in both OPH-3 (half-dome) and OPF-6.5 (full-dome) configurations
- + Portal can be configured for horizontal and vertical viewing

### CUSTOMIZABLE

- + Available in custom sizes from 2m to 20m in diameter

### BRANDABLE

- + Can be customized with a client's logo, colors, and concepts

OPENDOME™: SIMPLE, COMFORTABLE AND RAPIDLY DEPLOYABLE

# OpenDome™ Inflatables
